## Option 1: Act On Anti-Bullying

Using the fairy tale Snow White this drama workshop looks at the common themes within these stories to explore friendship and how we should treat others. Is it kind to call people names? Should we make fun of people because of what they look like? What should we do when someone is mean to us or our friends? Pupils get to meet a character from a fairy tale, act out the story, become the characters and learn how to “Choose Respect”.
